THE QUIET NIGHTS

Full on Friday. Quiet on Tuesday.

The kitchen, the staff and the rent cost the same every night. The 6 Pass sends members on the nights you choose.

How busy a week often looks. A picture of the pattern, not your numbers.

WHAT THE 6 PASS IS

One yearly pass. Two-for-one at hand-picked places.

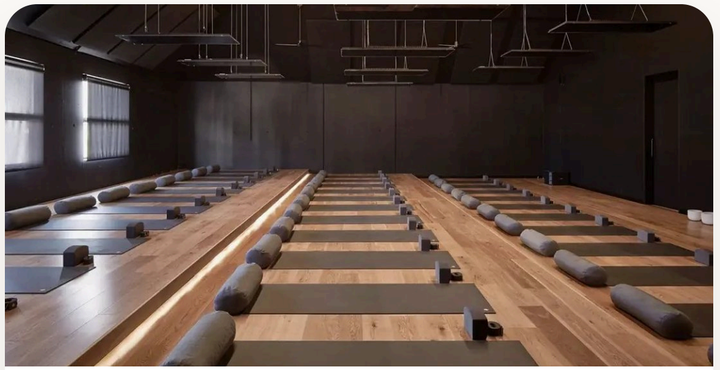

RESTAURANTS

Second main, on us.

SPAS

A free upgrade on your treatment.

YOGA AND STUDIOS

Bring a friend to class, free.

Example offers. Each partner sets its own. No coupons, no vouchers, no fine print.

WHY IT WORKS FOR YOU

Bring someone, and come back.

1

New faces on quiet nights

Members come on the days you pick. Most will be trying you for the first time.

2

Built to bring them back

Each member gets a few uses a year, set by you. Every visit after that is a regular visit at full price.

3

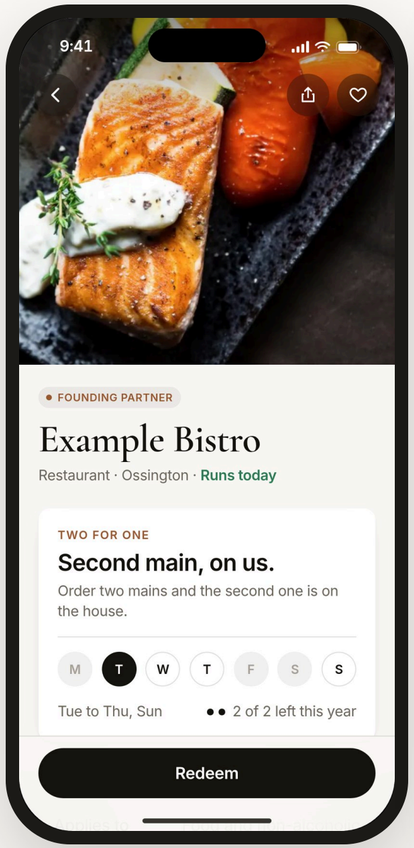

Your name stays premium

Members only. No public discount, no voucher sites, no race to the bottom. Fifty places, chosen as the best of each neighbourhood.

HOW A VISIT WORKS

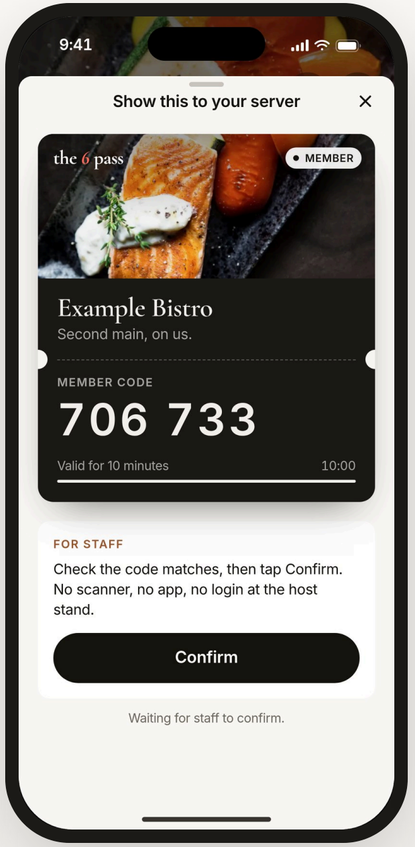

Three taps at the table.

Take the second main off the bill the way you normally would. That's it.

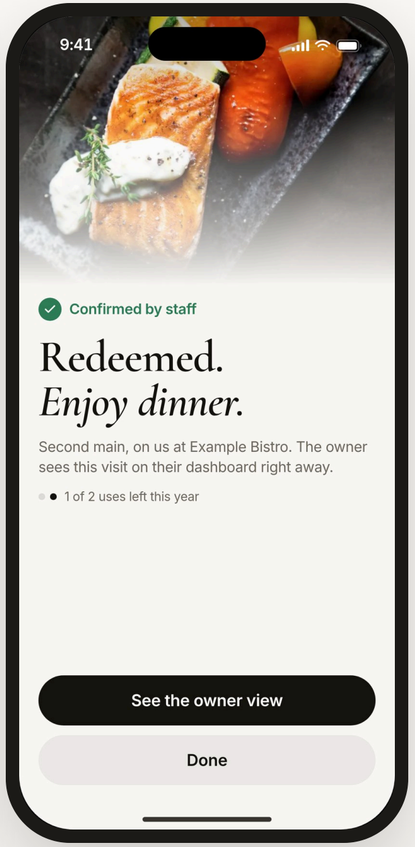

1 The member taps Redeem

At the table, before the bill.

2 They show you a code

Six digits, valid for ten minutes.

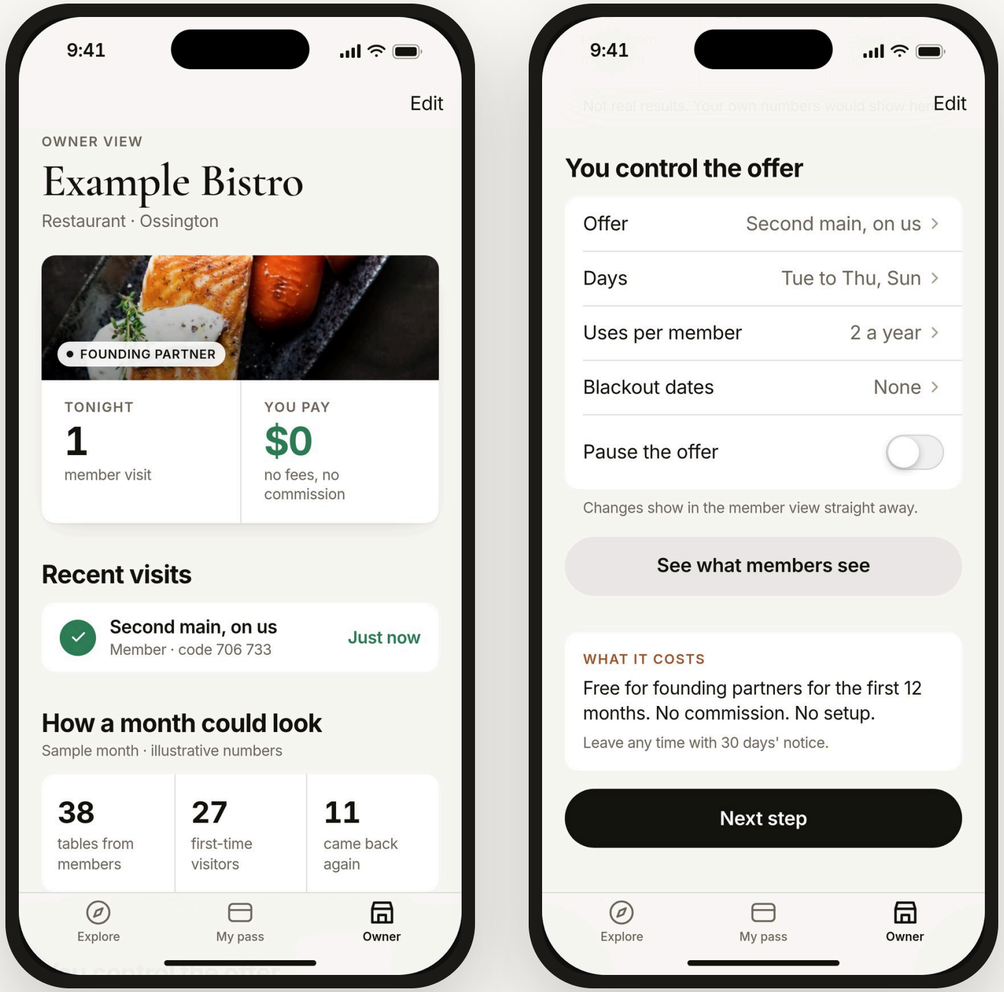

3 Your staff tap Confirm

No scanner, no app, no login at the host stand.

YOU CONTROL THE OFFER

Your place, your rules.

The offer	Two-for-one, or a free upgrade or add-on. Food, services and non-alcoholic drinks only.
The days	At least three a week. Leave out your busy nights.
The limit	Uses per member each year, from 1 to 12. Most start with two.
Blackouts and pause	Holidays and busy weeks off. Pause any time with 7 days' notice.

WHAT A TWO-FOR-ONE COSTS YOU

One table of two, on a quiet Tuesday.

You lose the price of one main. You keep the rest of the bill.

	FULL PRICE	WITH THE PASS
The bill	$134	$102
Food and drink cost	$40	$40
Left over before wages and rent	$94	$62

If the table would have been empty

You're $62 ahead. Two guests came in who weren't coming.

If they were coming anyway

You gave one main. That's why you pick quiet days and cap the uses.

Example numbers: two mains at $32, $30 of starters and dessert, $40 of drinks. Food cost 32%, drinks 25%. Swap in your own.
